

We make market leaders even stronger. With innovative software solutions, sound technological know-how and a comprehensive understanding of business processes, we help our customers position IT as an innovation driver in their companies. We see ourselves as enablers. Passion and innovation drive us. The brand INTEGRATION MATTERS comprises services and software developments of the highly recognized IT consultancy Faiz & Siegel GmbH and the software service provider Faiz & Siegel Software GmbH. More than 350 customers trust INTEGRATION MATTERS – and the number is constantly growing. To continue writing this success story, we are looking for you as:

IT Architect Integration^(m/f/d)

- onsite or remote -

WHAT TO EXPECT

- You will advise customers on optimizing their business processes
- You will develop highly customized solutions in cooperation with business and IT specialists, enterprise architects and end users
- You will develop end-to-end architectures at the highest level based on operational requirements
- You know how to minimize technical risks
- You always have an eye on on-time deployment
- Are you passionate about your subject and want to show your expertise? We can support you, for example, as a speaker at industry conferences, as a workshop moderator, in the publication of trade articles or in award applications

WHAT WE ARE LOOKING FOR

- Initial professional experience as an IT architect, especially in system design
- Extensive expertise in implementing enterprise architectures in critical environments based on leading integration platforms from Salesforce, MuleSoft, TIBCO, Oracle, IBM, Software AG or Talend
- Relevant know-how in software development
- Knowledge of RDBMS and NoSQL databases
- Experienced with virtualization and PaaS systems
- Very good analytical and conceptual thinking and an affinity for problem solving
- Strong communication skills and experienced in dealing with stakeholders at all levels
- Fluent German and English

WHAT WE OFFER YOU

- Attractive compensation
- Modern and varied working environment in an owner-managed company
- Flat hierarchies, short decision-making processes, active open door policy
- Flexible working: onsite in Hattingen or home office – Germany-wide
- Fixed annual budgets for your professional and personal development
- Personal mentoring and intensive on-the-job training
- Regular company events
- A team that looks forward to working with you

If you would like to join us in generating new drive for our customers, we look forward to getting to know you. Simply send us your application documents, stating your earliest possible starting date and your salary expectations, by email to:
